Phil Sciutto, Director of Solutions Architecture, Cloud Infrastructure Business Unit, HGST

BIOGRAPHY

Phil Sciuto is the director of Solutions Architecture in the HGST Cloud Infrastructure Business Unit. His background in information technology and developing global storage solutions helps give him a unique perspective in assisting clients in making effective use of HGST's storage solutions. Prior to working at HGST Phil was an early advocate of cloud storage solutions holding cloud solutions leadership roles at Oracle, Panzura and Nirvanix.
