**Christopher D. Blandy, Executive Vice President, Technology Solutions, Fox Networks Engineering & Operations**

## **BIOGRAPHY**

CHRISTOPHER D. BLANDY, Executive Vice President, Technology Solutions, Fox Networks Engineering & Operations. Chris Blandy serves as Executive Vice President, Technology Solutions for Fox Networks Engineering & Operations (NE&O). His responsibilities include oversight of systems design, implementation, program management, capital planning and sustaining engineering for broadcast, cable and digital platforms. His teams manage technical infrastructure for Los Angeles-based operations related to production, post-production, master control and multiplatform distribution. NE&O supports 35 broadcast and cable networks within the Fox Networks Group family.

Mr. Blandy has been with Fox for over 15 years in a variety of roles beginning in 2000 with Fox Sports. He worked for several years in Fox's Interactive Media division overseeing video platform initiatives and was a technical lead for the launch team that laid the foundations for Hulu, Fox's online video joint venture with NBCU and Disney/ABC. He returned to Fox Networks Group in 2009 to lead digital platform technology efforts and subsequently merged his team into NE&O.

Chris studied economics, business, computer science and German at the University of Texas at Austin and holds a B.A. in Economics.
